## New Collection

The Gemme Stile Spa, a company that owns the trademark Francesco Molon, since 1966 produce and sell on a global level-style furniture and decoration for home, commercial spaces and hotels.

The classic signed Francesco Molon is never trivial but updated copy of the ancient tradition, a characteristic that is also confirmed this year even from outside the stand adorned by decoration greyscales and quotes written in large letters of some famous architects of the past. The entrance is worthy of the most beautiful halls of the Hermitage, with its magnificent blue lacquering of wood panelling and mirrors with faux blue marble. Within a defined space and the different styles, you put together the traditional modern design Francesco Molon, and the Quality is its mission. Catch the attention the majestic renaissance ceiling of the central hall with the golden showcase details and the magnificent Boulle style table. By side, an Eclectica's study, which refers to the style deco', where you feel immersed in the atmosphere of "The Great Gatsby".

Delightful the kitchen in cream gloss lacquer with linear forms and at the same time classic and perfectly interpret the spot of Milan Fair 2014: "choose your style: classic or new?". Inside the furniture the most modern technologies are applied to the cooking area, as contained in the cooker hood that rises and activates only touching the touch screen, or wall units with electronic opening and closing.

Great emphasis is given in setting the company's production of doors, ceilings, floors and boiserie, all beautiful decorated or carved, representing perfectly the Gemme Stile, that is able to provide the customer with the project "all inclusive".

*Francesco Molon is already a classic.*
